TO RETAIN THE VOLUNTEERS

Official Denial That They Will Be Dismissed.

LEE SAYS IT WAS BKOWN UP.

Long Again Denies That He Has Any Information Which Has Not Been Made Public.

By Cable to THE TELEGRAM.

Havana, Mar. 4—A cable dispatch from Madrid says that Minister of Colonies Moret confirms the statement of General Parrado that the government never thought of dismissing the volunteers.

Information comes from Washington that Lee has communicated direct to the President his opinion that the Maine was blown up by an exterior explosion. The Maine board has not yet allowed any indication of the result of its researches to become public, neither has it made any communication to the authorities at Washington. The members of the board are still at Key West and will probably return to Havana today or tomorrow.

TO RE-EXAMINE THE HULL.

By Wire to THE TELEGRAM.

Washington, Mch 4.—It is officially admitted by the navy department that the naval inquiry board has completed only the first branch of its inquiry into the cause of the Maine explosion. No opinion is expressed as to when it will be completed. Secretary Long thinks the board will return to Havana very soon to make a more detailed examination of the hull of the Maine and to reexamine the witnesses.

The secretary still gives assurances that he has no information bearing upon the cause of the explosion which has not been given to the public. This statement undoubtely refers to the official correspondence. President McKinley is in direct correspondence with Admiral Sicard but it is possible that no correspondence relative to the work of the board has passed between them. This is officially stated to be a fact That the President has received some information of some sort over this wire is likely.

INDIAN HEAD BLOWN UP.

Second Only to the Blowing Up of Hell Gate.

By Wire to THE TELEGRAM.

New York, March 4.—Indian Head, one of the most historic landmarks on the bank of the Hudson was partly blown up by dynamite this morning. The explosion was heard to a considerable distance. Seven thousand pounds of dymanite was used. As an engineering feat the work is second only to that which destroyed the Hell Gate. The shock which destroyed part of the beautiful palisades was heard through the whole of Northern New Jersey. Ten thousand people lined the bank of the Hudson.

The Steerage Was Cool.

By Wire to THE TELEGRAM.

New York, March 4—Today 189 of the La Champagne's immigrants arrived by steamer from Boston. The reports indicate that there was less apprehension in the steerage than in any part of the ship after the accident.

Woodford Warns Washington.

By Wire THE TELEGRAM.

Washington, March 4.—Minister Woodford is said to have warned the state department by cable that the future movements of Spanish war vessels should be closely watched.

Uwo Additional Artillery Regiments.

By Wire to THE TELEGRAM.

Washington, March 4.—The house committee on rules are determined that the bill providing for two additional artillery requirements shall pass the house. The bill will probably be voted on early next week.

Court Proceedings.

The case of J. T. Scott vs. Western Union Telegraph Company, taken up yesterday afternoon, consumed most of the morning.

The case grew out of delay on the part of the company in transmitting a message due to repairs on the office at Jamestown.

Attorneys Scott and Staples appeared for the plaintiff, and Strong of Raleigh for the defendant.

The question at issue was whether the company rendered itself liable to damages by receiving a message for transmission when its wires were down and for that reason delaying the delivery.

Croup Salve, 25 cents. prevents croup, cures bad head cold and catarrh. All druggists.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU, HIGH POINT, N.C., March 4, '98.

The funeral of Mr. John H. Ferree at Randleman yesterday was largely attended by his friends and relatives of this section. Owing to his connection with many enterprises in Randolph county, business was practically suspended yesterday. Perhaps there is no man in the county who is held in so high esteem and will be so greatly missed by all classes as Mr. Ferree.

John Bundy's boy was very painfully hurt near this place yesterday, while he and a colored man were doing some grubbing. The boy was holding a bush down for the colored man to cut it off, the axe glanced and cut him very badly on the hand.

Messrs. W. P. Picket and J. J. Welch spent yesterday in Greensboro.

David Lindsay, postmaster of Bethany, was in the city yesterday.

Mrs. W. C. Hammer, of Asheboro, is visiting her father-in-law, Rev. W. C. Hammer of this place.

Charles Tilden has accepted the position as bookkeeper at Eagle Furniture Company.

J. E. Jones, High Point's photographer, spent yesterday in Asheboro.

Miss Mable Wood, of Asheboro, who has been visiting Miss Julia Pearce in Greensboro, passed through this morning returning home.

J. B. Laraway, the route agent on the Asheboro and Aberdeen railway, returned this morning from the north where he has been for treatment for his health.

M. A. Smith is attending court in Greensboro this week.

A. E. Tate is spending the day in Greensboro.

Mr. and Mrs. Pickhard, who have been at the Bellvue Hotel since the first of January, left yesterday for Tampa, Florida.

The High Point Orchestra will give a concert in the Opera house next Friday night.

IN THE HANDS OF THE JURY.

Matters of General Interest from the Twin-City.

Special to the Telegram.

Winston, March 4—The executive committee of the State Sunday school convention met here last night and arranged dates for Rev. H. M. Harrill, an international field worker of Jacksonville, Ill. The places and dates fixed are: Asheville, March 25th; Salisbury, 26th; Greensboro, 27th; Durham, 28th; Henderson, 29th; Raleigh, 30; Goldsboro, 31st; Charlotte, April 1st. Prof. Harrill will then spend ten days in South Carolina.

The committee selected Rev. James R. Jones, of Guilford College, and Rev. N. B. Broughton, of Raleigh, as delegates to the international convention in London, England, next July.

Argument in the Harrison murder trial closed today at noon after a whole day spent in able debate. The speakers were A. E. Holton, Solicitor Mott and Assistant Solicitor McNeill for the state, and Clement Manly, E. B. Jones and C. B. Watson for the defence.

The jury then, after instructions by Judge Coble, retired to their room, the solemn duty to perform, upon which depends the fate of this man.

Sticking to Rules.

There is a good old story of a General whose death was announced in a a newspaper by mistake, a circumstance which annoyed him very much. He called on the editor and demanded that a contradiction should be inserted in the next issue. "That, General," was the editor's reply, "is quite out of the question. We never apologize and we never withdraw a statement; but I'll tell you what we'll do for you. We'll put you in the 'Births' next week."—San Francisco Argonaut.

On Double Time Making Projectiles.

Reading, Pa., March 3.—Beginning next Monday the Carpenter Steel Works will go on double time, working on projectiles for the government, and employing 250 instead of 222 hands.

Spain Buys Two Ships.

By Cable to THE TELEGRAM

London, March 4.—Spain has purchased two warships now building for Brazil. One is the Amazonian and the other her sister ship.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

ASININE THOMAS B. REED

Plants His Four Feet and Will Not Budge.

HE KNOWS IT ALL AS USUAL

The United States Squadron Off Hong Kong is Now Practically Without Ammunition.

By Wire To THE TELEGRAM.

Washington, Mch 4.—The most determined foe to every measure of prudence or precaution in the present alarming state of affairs and the most stubborn obstacle opposing every preparation for war is Speaker Thomas B. Reed. He guesses that the Maine was blown up by accident and acting on this guess he persistently stops all legislation looking to a proper preparation for war.

By Wire To THE TELEGRAM.

Washington, March 4.—Apropos of the discussion as to the intention of the authorities to use the Asiatic Squadron now off Hong Kong and within a short distance of Spain's Phillipine island possessions against those islands in case of war the fact has been elicited that the vessels carry less than one-third of the ammunition usually carried in time of peace.

CAMPING ON SAGASTA'S TRAIL.

Italian Who a Month Ago Threatened the Premier.

Cable to THE TELEGRAM.

Madrid, March 4.—The Italian who a month ago ran up to Senor Sagasta's carriage and threatened him with a stick has been found prowling around the latter's house. Inquiries are being made to ascertain whether the Italian is connected with suspected persons. The prisoner shows signs of insanity.

Children Cruelly Treated.

By Wire to THE TELEGRAM.

Boston, March 4—The legislative committee has reported that it found great brutality practiced on boys in the Essexs truant school and other schools. Two boys were chained together and kept in a small cellar one of them being hitched to a horse weight.

The Governors Lease Project.

The status of the lease of the Atlantic & North Carolina Railroad may now be stated in a very few words. If the railroads commissioners (Caldwell and Pearson) do as the Governor desires them to do, they will, upon the strong showing made by the railroads revoke their order reducing passenger fares. In such a case the lease will be made to the Southern. But if for political reasons they decline to recede from a position which the railroads unite in declaring to be erroneously taken, then the lease is off. There are persons close to the Governor who yet believe that the order will be revoked after the exceptions of the main lines of the railroad are carefully considered.—Col. Old's correspondence.

Mr. Lincoln's Estimate of Neighbor.

A New York firm applied to Abraham Lincoln, some time before he became President, for information as to the financial standing of one of his neighbors. Mr. Lincoln replied as follows: "Yours of the 10th inst. received. I am well acquainted with Mr. X., and know his circumstances. First of all, he has a wife and baby; together, they ought to be worth $50,000. Secondly, he has an office, in which there are a table worth $1.50 an three chairs, worth, say, $1. Last of all, there is in one corner a large rat hole which will bear looking into. Respectfully, A. Lincoln."—The Indianapolis Sentinel.

Knew Explosion Was Coming.

Portsmouth, Va., March 2.—Walter J. Holland, representing Beaton & Holland commission merchants, of Chicago, who was in Portsmouth today, said that he was in Havana the night the Maine was blown up and witnessed the explosion.

"Just before the awful, dull roar, which was followed by two sharp detonations," he said, "I heard one Spaniard remark to another: 'In two minutes all of the Maine's crew will be in hell.' The scoffing and laughing among the rabble while our poor sailors were struggling in the water was horrible to my ears."

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

LIKED NORTH CAROLINA.

Norwegian Editors Send Back Some Pleasant Letters.

Secretary Ramsey, of the agricultural department, has received letters from several Norweigian editors who recently came south to make investigations in this section with a view to advising their countrymen in regard to settling here.

All of them were sent Mr. Brunner's book, "North Carolina and its Resources," and it is to thank Mr. Ramsey for this that they write. Without exception they speak in the highest praise of the state, its lands and people, and all express regret at their inability, because of a change in their program, to stop in Raleigh.

One of them, Mr. Halle Steensland, who is Swedish and Norweigian vice consul at Madison, Wis., and also a bank president, writes:

"As for myself I am satisfied that many places in the Southern States possess advantages of various kinds that farmers do not have in the North, especially if they would cultivate the land there as they do here. The trouble is to get our people to start. If they are to start at all, as a rule, it will have to be in colonies. I met several Scandinavian farmers in the South who appeard to be pleased with their condition. More will undoubtedly follow in course of time."—News & Observer.

HISTORICAL RELIC FOUND.

Six Pound Cannon Ball Dug Up in the Capitol Grounds.

Gardener Terry, of the Capitol square, found a valuable relic yesterday near the east gate of the Capitol square, which will be placed among the historical collection of war relics in the State Museum.

While excavating near the rock foundation of the old iron fence, Mr. Terry dug up a large cannon ball. It is a six-pounder, and was evidently placed there during the revolutionary war.

The ball is now at the Adjutant General's office. Maj. Hayes examined the ball, which is badly eaten with rust and he is of the opinion that it was made during the time of the Revolutionary war. He states that no such balls were manufactured or used during the Civil war.

The ball is of the most ancient make, and Maj. Hayes deems it a most valuable relic. He will turn it over to the curator of the museum. It has never been discharged.—Raleigh Post.

Ian Maclaren's Orthordoxy.

London, March 3—Dr. Kennedy Moore, who was prominent in last year's attack on Dr. John Watson (Ian Maclaren), is renewing the assault. He has notified the Presbytery of South London that he will move at its next meeting to transmit to the Synod, which meets at Liverpool on April 25, an overture complaining of the heresy in Dr. Watson's work, "The Mind of the Master," and praying the Synod to take steps to vindicate the honor and faith of the church.

It is an interesting coincidence that the Synod will meet in Dr. Watson's own church.

Wants $10,000 Relief.

Washiugton, D. C., Mch 3.—Senator Mason to-day introduced a resolution for the relief of the widow of the colored postmaster recently killed by a mob at Lake City, South Carolina. It is the same as that introduced in the House of Representatives by White, of North Carolina, to-day, except that the amount is made $10,000.

The Kaiser's Big War Fleet.

Berlin, Mar. 2—The Budget Committee of the Reichstag has adopted the Government naval bill fixing the number of ships to be held in readiness for service as follows: A flagship, eighteen battleships, twelve large cruisers, thirty small cruisers, eight coast defense ironclads and thirteen gunboats, besides torpedo boats, school ships and small gun boats.

Senator Proctor's Gift.

Senator Proctor donated to Clara Barton $1,500 for the relief of the reconcentrados.

The Senator was deeply impressed by the horrible spectacle he saw during his trip to Matanzas. He found that the reports sent the American papers concerning the ravages of famine had not been exaggerated.

Kills His Brother and Himself.

Cordele, Ga., Mch 3.—Shep Wood, a prominent young farmer living near here, today shot and killed his brother, Thomas Wood. Seeing the result of the deed, he turned the revolver on himself, and sent a bullet through his own head, killing himself instantly. The brothers had quarrelled over business matters.

DIVERS WORKING SLOWLY.

Barge Employed to Carry Pieces of Wreckage.

SPANISH DIVERS UNRELIABLE.

The Report That a Spanish Flotilla of Torpedo Boats is not Coming Formally Denied.

By Cable to THE TELEGRAM.

Havana, March 4.—Warm, rainy weather prevailed this morning. Everything is quiet so far as can be observed. The divers are at work, working slowly but steadily during such hours as it is possible in the turbid waters. The big barge was found useful in carrying the heavier pieces of wreckage. It is strange that it should not have been sent here earlier. The Spanish divers have been down but little. Any reports sent out as coming from them are likely to be incorrect. A number of wreaths and floral pieces were sent to the Colon Cemetery today to decorate the graves of the Maine victims.

A cable from Madrid denies the report that a flotilla of Spanish torpedo boats and torpedo boat destroyers are not to be sent to Cuba.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Successor to Richardson & Fariss

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the occulist who had given the prescription and in reply received the following;

DR. HARRY FRIEDENWALD, 1029 MADISON AVE. Hours, 8 a. m. to 1 p. m.

BALTIMORE, Jan 31st, '98.

DEAR SIR:—

Yours of the 29th to hand.

Dr. Johnson is Perfectly Right.

The glasses you sent are not those ordered. I cannot understand how such a mistake occurred.

Very truly yours, H. FRIEDENWALD.

M. P. Publishing House 302½ South Elm Street. Examination Free. OFFICE HOURS: 8:30 a m to 12:30 m.; 2:00 to 5:30 p. m.

Southern Stock Mutual Insurance Co.

is Encouraged and Strengthened by the Testimonials of Its Policy Holders.

Greensboro. N. C.

We have been insuring for two years our bank building in the Southern Stock Mutual Insurance Company. We have received dividends amounting to $15.00 which have reduced the cost of our insurance that amount. We believe that the Company gives to its policyholders as good indemnity as any other, and as all the profits over and above the stockholders' ten per cent. are returned to the policyholders the claim of the Stock Mutual upon the patronage of the insuring public could not be stronger.

Address all communications to THE EVENING TELEGRAM, Greensboro. N. C.

FRIDAY, MARCH 4, 1898.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

It is now reported that Speaker Tom Reed will adjourn on the first of May.

The man who is getting least satisfaction out of the situation just now is perhaps General Blanco.

Mr. McKinley's ultimatum to Spain seems to be suffering with the same complaint as Mr. Ewart's nomination.

If Spain could see herself as others are coming to see her, the result might be a decline in her brand of Castilian pride.

Senator Proctor could be anchored off Havana with perfect safety. No sane torpedoist would try conclusions with a senator.

Secretary Long should hereafter label himself that people may be able to tell him from Mr. Long when speaking for the press.

Mr. Butler seems willing to do what he can toward giving the sins of Mr. Ewart explicit directions in their search for that worthy gentleman.

The arrival of the Vizcaya seems to have inpsired the people of Havana with something of the spirit of college youths on the evening after a football victory.

The press of Spain seems to be getting into the same amiable frame of mind that has characterized the papers of New York since their correspondents were expelled from Cuba.

The decision of a New York court that husbands need not pay their wives, bills will be followed by an increased caution as to the amount of change left in trousers pockets on retiring.

The hat-pin should without delay be placed in the catalogue of deadly weapons.—Charlotte News.

It should be placed in a list by itself. It is the most dangerous and deadly of all.

The Charlotte News comes out in eight page five column form which gives it a most attractive appearance. The News is a mighty good paper and will doubtless be even better with its enlarged space.

The assurances of moral support said to have been given Spain by Europe will not complicate matters. Spain has been trying to pay her soldiers with moral support for some months and knows its value.

In the selection of Mr. R. Charles the retiring pastmaster, to be cashier the Commercial National Bank of High Point does well. Mr. Charles is a level-headed, careful business man and his management of the office at High Point was beyond criticism.

Representative Pearson, of N. C. indignantly resents the imputation, made in some quarters, that the fight made by the Republicans of the House to secure modification of the civil service law and rules, in which he has been conspicious among the leaders, is a sham.—Union Republican.

Certainly the iridescent and empyrean one resents it—at the top of his voice. He has a right to. Already the long-drawn hungry howls of the unsatisfied are beginning to echo in the coves of his home district. They will have pie or they will have har. Mr. Pearson will have to supply it in either case. Therefore he prefers to supply the pie.

If Mr. McKinley and his advisers attempt to blindfold the American people or to shirk or shrink from the responsibilities, however grave, entailed by the Maine disaster they will make a serious mistake. Americans swallow a good many nauseating things at home but they will not stomach a pusillaminous policy in this matter. They have been nice to Mr. McKinley and his advisers; there has been little criticism of of the course of the administration; with a patient dignity the citizen body has waited for the official report. When that has been made if it shows Spanish complicity they expect prompt and vigorous action. It is not an occasion for Mr. McKinley's favorite method of putting off things until tomorrow. There are not wanting signs that despite warlike preparations the administration will seek to use a little more diplomacy than the occasion demands. The majority of Americans believe that if Spain blew up the ship she should be thrashed and they do not believe it could have been blown up without her knowledge. They are right in both cases. The court of inquiry should should say whether it was blown up or not.

General News in a Nutshell.

The boat-oar manufacturers of the country have organized at Toledo, O., to promote the trade.

Heavy shipments of Tennessee marble are being shipped to the City of Mexico from Knoxville.

The body of Captain Dakin, of the wrecked ship Asia, has been found off the Massachusetts coast.

Captain G. E. D. Dimond, 102 years old, is about to start from San Francisco, Cal., to walk to New York.

Five thousand persons witnessed the hanging of Peter Horne, colored, the murderer of Anthony Brown, at Columbus, Miss.

Mrs. Isabella A. Marsh and William C. Buzzellt convicted at Montpelier, Vt., of murdering Mrs. Marsh's husband by poison, will by hanged Feb. 3, 1899.

The placing of a one cent instead of a two cent stamp upon a letter recently mailed at Newburg, N. Y., necessitated the expenditure of $1.25 on the part of the person to whom the missive was addressed before he could secure it. The money was spent in telegraphing to the postmaster and in forwarding to him a money order for one cent.

Lousville society, weary of the monotonous round of amusements afforded in ordinary fields, is said to have sought diversion in the dissecting room. Dissecting room parties have become a fad, and the young men and women of the upper crust appear to take a keen delight in the spectacle of a young sawbones engaged in the examination of his first subject. As a refined amusement this seems to be a step or two in advance of "slumming."

Several hundred pound barrels of powder, originally intended for use during the rebellion, are stored at the government powder depot known as the Picatinny magazine, near Dover, N. J. Most of it is believed to be so old as to be utterly worthless. Perhaps that is why the alert warscare journalists have not as yet discovered signs of "unusual activity" at the Picatinny depot.

Postmaster Appointments.

Washington, March 3—The president today appointed the following postmasters:

Florida—Joshua Mizell, at Punta Gorda.

Georgia—De Witt C. Cole, at Marietta.

North Carolina—C. P. Anthony, at Scotland Neck.

Yellow Pine, 50 cents, is the cheapest because it cures coughs. All druggists.

Something toKnow.

It may be worth something to know that the very best medicine for restoring the tired out nervogs system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at C, E. Holton's drug store.

JAPAN AFTER THE PHILLIPINES?

A Request for the Names of the Japs Killed on the Maine.

Washington, Mar. 3—The Japanese Minister today requested the State Department to furnish him a list of names of the Mikado's subjects who were lost in the Maine disaster. Nine Japanese were in the ship and only two were saved.

The Japanese Minister says he desires the information to transmit to the families of the deceased in Japan, but it is thought by the naval officers and and officials that Japan may have a deeper purpose in view.

Japan has had an eye on the Philipine Islands for a long time, and they think it possible that she may seize on to the killing of her subjects while in Spanish waters as excuse for active interefence, in case trouble should arise between Spain and the United States, believing that with all Spanish sea power engaged on the Atlantic it would be an easy matter for her to seize the Phillippines.

Kodak cures any headache or neuralgia. 3 doses 10 cents. All druggists.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C E. Holton's drug store.

GOOSE GREASE LINIMENT CO., Greensboro, N. C.:
I feel it my duty to testify to the superior merits of "Rice's Goose Grease" as a cough cure. On Friday night the 7th inst I coughed almost the entire night. Cough syrups etc. failing to bring any relief whatever. On the following night I decided to test the virtue of your remedy by bathing my chest thoroughly with it and going to bed, and I tell you honestly I never slept sounder in my life. I take pleasure in commending "Rice's Goose Grease" to those who may be in need of a cough cure.
Wishing you much success. I am
Yours cordially,
B. B. Walker,
Mngr. Engelworth Store Co.

Miss Mabel Wood, of Asheboro, who has been visiting her cousin, Miss Julia Pearce on East Market street, returned home this morning.

THE USELESS REINDEER.

Purchased by the Government Ordered to be Sold.

Washington, March 3—The senate committee on military affairs has agreed upon a bill directing the sale of reindeer and supplies purchased by the war department for the relief of the Klondike miners.

The decision was reached after an investigation, and is in line with the opinions of the secretary of war, and General Merriam and Rucker, and of persons who have returned from the Klondike, to the effect that no danger from starvation now exists.

The interior department made a request that the reindeer be turned over to them, but the committee thought it better that they should be sold.

Whitaker a Pious Pop.

"What is your politics, Judge?" was yesterday asked Judge Whitaker.

"I'm out of politics now. I've kicked over the traces. I'm devoting myself to the practice of law. I'm a pious Pop—a Pop that loves pie. I can't get any pie; so I've quit and I'm trying to make a living at my profession.

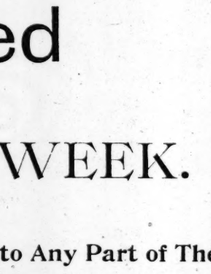
"You are still a silver man, I suppose?" "Yes, but not so strong a one as I was last campaign. Then it would have done me some good personally, now they've put it off too late to help me much."—News and Observer.

Nearly Blew up the Cruiser.

Portsmouth, Eng., March 3—Careless seamen in the shell room of the British first class armored cruiser Australian came very near blowing up that warship. Two of them were playing with a fuse in the shell room when they set fire to some stores. The flames were extinguished by the prompt flooding of the apartment.

The Australia is a ship of 12 guns, 5,600 tons and is now the coast guardship in Southampton waters.

Vick's Little Liver Pills are best for adult or child. 25 cents. All druggists.



The Lamp that lights the way to Good Health is a bottle of the greatest of all blood purifiers—

Johnston's Sarsaparilla
QUART BOTTLES.

This great blood purifier and nerve tonic, cures diseases by removing from the system, the conditions which produce them. It expels all poison and impurity from the blood. It acts upon the nerves as a stimulant, particularly upon those nerves belonging to the great organs of the body; therefore, it causes the heart to beat with greater force, the lungs to take in more oxygen and to expel more carbonic acid; it induces the kidneys to send off more of the poisonous excretions from the blood; the bowels to have more regularity and healthfulness in their action; the sweat glands to throw out more impurities.

Our illustrated book of 36 pages will tell you what is the matter and what to do. Its free for the asking. Quart bottle, $1.00.

Mrs. Corinna Hunter, of Graham, spent last night in the city visiting the family of her cousin, J. R. Donnell.

Prof. O. W. Carr returned from Randleman today, where he went to attend the funeral of John H. Ferree, which took place yesterday.

Hudson's Saturday announcement is full of meat. Not the kind of meat which satisfies the hungry man, of course, but you can find that at his store.

Mrs. C. C. Taylor and children, of Clifton Forge, Va., who have been in the city, visiting Mrs. Taylor's brother, Prof. Grimsley, left on 36 today for their home.

A truck garden and grove of four and three-fourth acres on the south side of Spring Garden street, opposite ex-Sheriff Cook's new residence was recently sold for $950.00 spot cash.

We hear that the macadamizing on the road near the water works is being continued. This is certainly a move in the right direction. We again congratulate Alderman Pickard on the good work of his department.

Star and Crescent bath towels and Terry cloth new art muslin and denim, new tapestry and lace curtains, and some special values in ladies' tan and chocolate laced shoes are advertised to-day by Thacker & Brockman.

Judge Dick is expected home in about a week. He is sufficiently recovered to be brought back now but the hospital authorities think it best to have him remain longer. His daughter, Mrs. Judge Douglas, is with him.

Parties who favor city improvement living out on South Elm street, beyond the railroad from the courthouse, tell us they would be very glad to see a fulfillment of the long past due promise to cut down that hill at the junction of South Elm and Lee streets. The superintendent tells us the force will go there next.

It's time now, high time, for that new depot to be built. The old one, aside from being an unsightly and inconvenient structure, has got to leaking. Stepping in there for a few minutes to-day to get out of the rain the writer noticed two or three places where it was leaking. Wouldn't mind the leaking at all if we could see the work started on the new structure.

E. A. Tucker, a Winston constable, passed through to-day returning home from Raleigh, where he had been to carry Jack Grogan, a crazy negro to the quarters assigned to the criminal insane. It seems that Jack thought he owned the colored Masonic graveyard at Winston, and a few days ago while an interment was being made, he assaulted the grave-digger with an axe, for trespassing on his premises.

Reception Postponed.

The social committee of the First Presbyterian church were forced by the stormy weather to postpone the reception which was to have been given at that church to the young ladies of the Normal College this evening.

This has left the committee with a fine lot of chicken salad which they are anxious to dispose of and those who are fond of that delicacy can purchase by calling at the residence of Mrs. T. A. Lyon on Lindsay street.

AERIAL TRUCK BOUGHT.

Babcock Decided Upon After a Thorough Investigation.

The special committee appointed to investigate the merits of the different aerial hook and ladder trucks, after making a thorough and careful investigation, made their report last night, and recommended the purchase of a Babcock, believing it to combine the best elements of strength, durability, safety and ease of action.

Acting on this recommendation, the committee today placed an order with S. F. Hayward & Co., of New York, for a truck to be delivered within 60 days. The price of this truck is $2,400, and the committee acted wisely in making a close investigation of the merits of the apparatus before making so large an expenditure of money, by examining trucks in actual use in different cities.

Chief Stone says he believes the truck bought to be the best built. Fighting fire is dangerous business under the most favorable circumstances and we are glad the fire boys are to to have the very best apparatus on the market.

At the Academy of Music.

It is a pleasure to announce the coming of America's foremost actor Mr. Louis James, March 14th. Mr. James has never been seen here but he is already well known to our best theatre goers. Those that have had the pleasure of seeing him, pronounce him to be without a peer on the English speaking stage. Mr. James company numbers 21 people and complete scenic productions of all his plays are carried by the organization. It has been decided to present Shakespears greatest tragedy "Julius Caesar" Mr. James will be seen as Brutus, a role which he has played over 1,000 times. Mr. Barry Johnetone will be the Cassius, Frank Peters the Marc Antony and Collin Kemper the Julius Caesar. Mr. James' engagement will be the most notable ever seen in our city.

A Case For Judge Robinson.

His Honor Judge Robinson charged the grand jury especially against newspaper men and cruelty to animals when he began the present term of court. There was a case for the exercise of the grand juror function in the streets this afternoon. A poor, lank beast with thinly padded ribs was left standing in the stinging, pelting mixture of rain and snow for an hour without any protection whatever. The owner should have been jugged for the night and denied a blanket. A society for the prevention of cruelty to animals is badly needed here.

Death of Mr. W. A. Clarida.

Mr. W. A. Clarida died at his home on Asheboro road about two and one half miles south of the city yesterday at 10 o'clock, at the age of 63 years.

A devoted wife and four sons survive him. His sons are W. F. and H. P. Clarida, of this city, Benjamin Clarida, who resides at the home place and S. P. Clarida, who lives near Richmond, N. C.

The funeral was conducted at the residence this afternoon by Rev. J. M. Hilliard at 3 o'clock and the interment was made in Greene Hill cemetery. The bereaved ones have the sympathy of a host of friends.
